

**NEHRU SCIENCE CENTRE
WORLI, MUMBAI - 400018**

New Giant Screen Film Showing at Nehru Science Centre Mumbai will transport viewers to the Wild and Pristine Top End of Australia in 'AUSTRALIA'S GREAT WILD NORTH'

Mumbai, Maharashtra (29/11/2023) –Nehru Science Centre Mumbai is proud to announce the exclusive premiere of "Australia's Great Wild North," a ground-breaking giant screen film that invites viewers on an immersive journey through the untouched landscapes and vibrant cultures of the Top End of Australia. The film, produced by Wild Pacific Media and Definition Films, is set to launch on 29th November 2023 at our state-of-the-art tilted dome projection facility.

Award-winning filmmaker Nick Robinson and his dedicated team at Wild Pacific Media have spent years capturing the essence of the Northern Territory, showcasing the Top End's breath-taking beauty, unique wildlife, and the enduring connection of its indigenous people to the land.

Australia's Great Wild North takes audiences on a mesmerizing odyssey, beginning from the rugged Kimberly coast, traversing the mysterious and rarely-seen Arnhem Land, and delving deep into the world's oldest rainforest in Cape York. The film features rivers and waterholes inhabited by sharks, territorial buffalo, venomous snakes, and the region's apex predator – the saltwater crocodile. This prehistoric creature, virtually unchanged for 200 million years, serves as the film's central character, guiding viewers through the heart of the Top End. You will witness a jungle which you have never ever seen so far.

At the heart of what sets "Australia's Great Wild North" apart is the state-of-the-art tilted Dome projection, offering audiences an immersive encounter with the mesmerizing landscapes and wildlife of the Top End of Australia. The film's focal point, the awe-inspiring saltwater crocodile, comes to life in a way that transcends traditional viewing, capturing the attention and imagination of viewers as they come face-to-face with this ancient creature. The film shares the ancient stories of native people, emphasizing the importance of respect and stewardship that Indigenous Australians have practiced for over many thousands years.

We are thrilled to bring **Australia's Great Wild North** to our tilted dome projection facility at Nehru Science Centre. This film is not just a visual spectacle, it's a profound exploration of the delicate balance between nature and humanity, as seen through the lens of one of the world's untouched wildernesses.

The film launch on 29th November 2023 will be graced by the esteemed presence of Ms. Majell Hind, Consul General of Australia, adding to the significance of this momentous occasion. As we enter the winter session in Mumbai, Nehru Science Centre Mumbai aims to offer a transformative cinematic experience that fosters a deep appreciation for nature and encourages a commitment to its preservation for generations to come.

Join us on this extraordinary journey as we unveil the wonders of Australia's Great Wild North and celebrate the union of technology, storytelling, and environmental consciousness.
